

I just wanted to let you know what an blessing Christian Music K-Love has been for my family. I have found that DJ's on most radio shows are constantly saying inappropriate things on my radio. I never have to worry about my boys hearing anything but positive talk and clean music. We love the station have listen to it exclusively for the last three years. Please take care not to displace it by an LPFM broadcaster providing other broadcasting in the Omaha, NE area. Thank you!
